About Us

Voyten Electric & Electronics is a commercial electrical wholesaler and an industry leader specializing in the engineering, sales, service and repair of current and obsolete electrical products. Our main office, located on 430 acres of land in beautiful Northwestern PA, houses 180,000 square feet of warehouse space & contains one of the largest inventories of electrical products in the United States! We also have a secondary office with even more warehouse space and a sales team that works nonstop to make sure our customers are satisfied.
