

Providing Electrical Solutions Since 1953

VOYTEN

MOLDED CASE BREAKERS

Products we carry...

- Commercial & industrial breakers
- Thousands of breakers on hand and ready to ship out
- All manufacturers from the 1950's to current production

Services we offer...

- Reconditioning and repairs
- Core exchanges and swap-out programs
- Replacement and spare parts
- Rentals

What we can do...

Voyten can recondition the old and obsolete electrical equipment to extend its service life. All reconditioned equipment comes with a 1-year warranty. **We can also perform emergency services 24/7/365!**

About us...

Voyten Electric & Electronics is a third-generation commercial electrical wholesaler and industry leader specializing in the engineering, sales, service, and repair of current and obsolete electrical products. We offer one of the largest inventories of electrical products in the United States, and can find solutions for almost any need our customers may have. Our massive, diversified inventory offers a full spectrum of product lines that covers a wide range of electrical components from ranging from the 1940's to today.
